the 2nd Friday of each Month

November 11 . December 9 . January 13 . February 10
March 10 . April 14 . May 12 . June 9

OVERVIEW

- This program has the opportunity to embrace Rotary International's grassroots ideal of "networking", in an effort to provide more value to our new and long-standing members.
- To enhance the MWT-M Rotary Club's new member orientation program.
- To place value on the importance of each member's "classification" as a way to develop membership attraction and engagement in our Club and its projects and programs.
- Our organization was founded on the "classification" system as a way to enhance our own businesses.
- Our founder, Paul Harris, started Rotary so that others in the Chicago area, who owned businesses, could offer their services to their "friends" who held the same high ethical standards.

MEMBER PARTICIPATION

- All new and long-standing members are invited and welcome to attend and participate.
- **Rotary Works will meet at 11:15-12:00 on the second Friday of each month at the Zor Shrine.**
- **A new member of MWT-M Rotary Club will be highlighted each month** and will have the opportunity to share their business with the other attendees; **followed by a round-table discussion about ways in which all of our "classifications" can be shared** (1) for the benefit of business leads and; (2) to become more aware of how our classifications and/or talents can be used in project and program development.
